Kinds Words from Our Wedding Clients

We had a wonderful experience working with MORE Events! Living outside the country this was a destination wedding that they made a reality. When our wedding day came we couldn't believe it all went off without a hitch! It truly was the perfect experience with the help of their expertise. Hannah went above and beyond to make our experience special.

Courtney & Patrick, Aug 2025 (Silvertip)

MORE Events made our wedding so seamless and amazing! From helping provide valuable advice & recommendations throughout the planning process to managing the timeline so that everything ran flawlessly, they were truly amazing! They dedicated so much time to going through every little detail and were always super helpful and responsive! Couldn't recommend them more!

Madeleine & Cam, August 2024 (The Malcolm)

One review cannot do justice to how amazing Hannah is... I had no idea how imperative she would be to our day. Every suggestion she made was thoughtful to our personal tastes & budget. She handled the entire process flawlessly, all our vendors, setting up the venue, utilizing different design pieces throughout the space to keep things cost effective. She did everything we needed & truly cared about our day.

Davona & Ryan, September 2023 (Alloy Restaurant)

Hannah went above and beyond planning our wedding. She was completely dedicated ... she literally brought my Pinterest board to life. Her hands-on approach made me feel supported and stress-free throughout the entire process. On our wedding day, she handled everything seamlessly, allowing me and my husband to truly be present. Her organization, creativity, and genuine care for her couples are unmatched. I would recommend Hannah to anyone. She is a true gem. **Taylor & Ryan, August 2025 (Azuridge)**
